Website

MM was unable to attend due to illness, but reported by email he had a successful meeting with the website developer, and will give us detail at the next meeting. The employers survey will be put on the website, with photos of those who have already completed it.

The remainder of the meeting was dedicated to drafting the “built environment” policy. There was extensive discussion and reviews of the resources available, which included research on the CWAC Local Plan by PV and notes from MW. A draft will be available to the core group for discussion.
