Cllr Linda Brown
Chair
Community Committee
Frodsham Town Council
[via Email to TownClerk@frodsham.gov.uk]

Dear Linda

Siting of an Information Board

You will be aware that our Group has been working on producing an Information Board displaying names of men of Frodsham who died during the Great War and whose names do not appear on any memorial in the town.

Following extensive research, we are now in a position to seek estimates, have the Board constructed and install it. Group members are keen to site the Board at Overton Hill Memorial Field – near the War Memorial. In addition to names of the men we have identified, the lectern style Board will display the location of other memorials in Frodsham. A draft of the layout is attached for information. Also attached is a sketch of the preferred optional sites, identified as suitable because of the nature of the ground (most of the Memorial Field being solid sandstone).

We will be grateful if the Community Committee would consider the proposal and recommend acceptance to the Council.

I look forward to a positive reply.

With thanks

Pammi
