Quote Record Full Town Council - Supply and Planting of Oak Trees on Memorial Hill, Frodsham

Meeting date: 28th November 2022

#	Company Name	Supply of	Watering & planting costs	Additional Fees/Info	Tree Guard included Y/N	Total Fee	VAT
1	**Hilldale Grounds Maintenance**	7x root ball oaks, approximate 7-10ft in height: £950 Bark mulch: £80 Watering irrigation bag 56l slow release: £175 Wooden holding stakes & straps: £125. **Subtotal £1,330**	2x staff days for planting. Two years watering monthly June, July, August. 3 staff days. Total 5 staff days: **£875**	*Total is for 2 years of watering = 5 staff days.*	Rabbit guards included in price.	**£2,205**	N/A
2	**Horticon Ltd**	Excavate 7 tree pits 0.5x0.5x0.5m. - Supply 7 trees 3/4nr. Quercus robur 8-10cm girth root balled, double staked with 75mm stakes and crossbars, tree ties and spacers o 3/4nr. Quercus petraea 8-10cm girth root balled, double staked - Plant, stake, backfill soil and mulch around tree bases. **£2,369.73 +VAT**	For the tree watering maintenance at Frodsham War Memorial, our quote is **£800.00 +VAT per year**. This is based on the trees being planted this winter to optimise their chances of establishment. If they are planted any later then additional watering would be recommended.	For the watering we would also recommend having an irrigation tube installed when planting to maximise the amount of water reaching the rootballs. This cost can be added to the tree planting if the Council does wish to go for watering maintenance. If they don't go for the watering then the irrigation tubes are redundant and a cost won't be sought.	Option for tree guards and irrigation: - Supply & install 7nr. 150mm diameter green mesh guards - Supply & install 7nr. perforated irrigation tubes (needed for optimal watering). **£229.78 +VAT**	**£3,399.51**	20%
3	**Aberwaen Landscape Consultancy**	Prelims: Delivery, site supervision, setting out: **£450.** Supply & fix trees, staking with double stake, crossbar and tie (900mm high).
