Church Street Residents / Businesses

Dear Resident / Business Owner,

PROPOSED ZEBRA CROSSING – CHURCH STREET, FRODSHAM

Cheshire West and Chester Council are proposing to provide a zebra crossing facility on Church Street, Frodsham.

Please see attached the proposed location of the zebra crossing, which is outside of Boots and Pamper Pit Stop, close to Collinson Court.

The proposed scheme will provide an improved pedestrian route between the Railway Station and the Frodsham Town Centre amenities. As the pedestrian footfall on Church Street is high, this new facility will help pedestrians to cross the road safely and will help to promote active travel.

We have had discussions with your local ward members, Councillor Michael Garvey and Councillor Lucy Sumner, about these proposals.

If you wish to make any comments about these proposals, please do so in writing by email before 20th September 2024.

Yours sincerely,

Transport and Highways Team
