

Cheshire West & Chester Council

Frodsham Leisure Centre

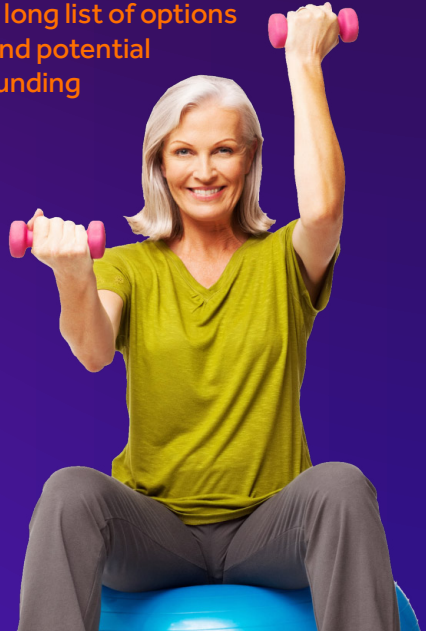

Our shared ambitions for Frodsham:

- Modern vibrant leisure and wellbeing facility co-located with the Library in current location
- High-quality air-conditioned gym and multi-functional studios to deliver a broad range of health & wellbeing activities for the local community
- Fully accessible facilities and equipment to support people to live longer, healthier and happier lives
- Modernise showering, changing and toilet facilities
- Energy Efficient building, which is environmentally and economically sustainable
- Flexible and welcoming space

Cheshire West and Chester Council, together with Brio, are fully committed to improving facilities in Frodsham

To help inform development, we have completed:

- Community & Stakeholder Consultation/engagement
- Leisure needs analysis
- Assessment of usage and trends
- Building survey & identification of energy efficiency options
- Feasibility study looking at a long list of options and potential funding

Cheshire West
and Chester

What we're doing next?

Detailed study underway to explore design options in detail:

- **Option A:** Exploring refurbishment of ground floor as a modern, vibrant and fit-for-purpose leisure, health and well-being facility, with upper floor use by a public sector partner

- **Option B:** Partial demolition of two-storey building and re-building modern, vibrant and fit-for-purpose leisure, health and wellbeing facilities (Library and sports hall unaffected)

The study will be completed in 2025, with the Council's cabinet considering recommendations on way forward in Spring 2025.

Potential sources of funding will be simultaneously explored.
